Brief statement of the event cause the disruption/dismantlement.  
Do not include any identifying information

**Disrupted:** An organization is "disrupted" when the normal and effective operation of the organization is impeded, as indicated by changes in organizational leadership and/or changes in methods of financing, transportation, distribution, communications, or drug production. There is no precise way to calculate or measure whether a DTO/MLO is disrupted. This is a judgment call by the case agent or initiative supervisor. NOTE: A drug seizure, the execution of a search warrant or another enforcement activity, by itself, does not constitute a disruption unless the action truly results in the alteration of the organization's operations or membership.

**Dismantled:** An organization is dismantled when its leadership, financial base, and supply network are destroyed and incapable of operating and/or reconstituting itself. NOTE: For HIDTA reporting purposes, a dismantlement of a DTO/MLO does not require that all fugitives have been apprehended, that all cases have been adjudicated, or that all appeals by those charged have been exhausted. Dismantling a DTO/MLO does not occur very often, especially for international DTOs.
